

# TO SEE ON THE WAY...

## ✓ scenery:

The panoramic view from Tréchauffé summit extends to the north of Lake Geneva, with the Jura mountains in the background, and to the west, with La Vernaz and the Mévonne cliffs...

## ✓ fauna:

The goat farm is a must! These goats come from the Alpine "chamoisée" breed. Their milk is very rich and is turned into cheese straight after milking. "Chevrotin" cheese is made here, which in 2001 became the 4th Savoyard cheese to be given AOC status.

These 50 hectares of woodland and meadows are a special natural environment where a goat farm was built specially to make cheese.

The Alpine chalets are typical of the Chablais style, comprising a stone lower section and the remainder in wood.
